

Muslim Hands Mali Mobilization of Partners

ANNUAL FEEDBACK

2022

INTRODUCTION

Muslim Hands Mali since its establishment in Mali in 2007 operated in perfect harmony with the funding offices (UK, France, Canada, South Africa and Turkey). After more than fourteen years of activities in several fields, the organization has been able to find a place of choice and has acquired potential experience in the fields of humanitarian and development. It has given itself a place of choice alongside partners and an image with collaborators on its quite original approaches and methods which have won it the privilege of being able to operate everywhere in Mali without great difficulty in a country where the environment is quite hostile with the multiple crises of multiple forms. Muslim Hands Mali has therefore had enough ambition as to the relevance of its various actions for the benefit of the communities and for the development of the country in general, to do more for the targets because beyond our actions much remains to be done for that populations are protected from certain basic needs essential to the proper conditioning of life in society.

THE 2022-2025 STRATEGIC PLAN

After years of action in the field, the various evaluations of the various programs and projects implemented have enabled us to assess more closely the vital needs of the populations necessary for the sustainable improvement of their lives. Thus, Muslim Hands Mali in 2022 has put all its expertise to develop a four-year strategic plan. The development of this plan required enclosed documents, which are essential to the achievement of the ambitions, revealed by the said plan, in particular the resource mobilization plan, the communication plan and the action plan. Documents necessary for the implementation of the strategic plan. Thus, it is accompanied by the work that the achievement of the objectives set requires more resources than those that Muslim Hands Mali traditionally benefits from the funding offices.

So in order to be able mobilize funding from institutions, Muslim Hands Mali will start the communication and resource mobilization plan in order to give itself the means to achieve its objectives for the happiness of the populations.

MOBILIZATION OF PARTNERS

Muslim Hands Mali in coordination with HIPD has taken specific steps in order to mobilize partners around its strategic plan. This approach aim to mobilize as many partners as possible to establish a long-term partnership with Muslim Hands Mali. This partnership will develop the nexus approach in order to link development to humanitarian action. Due to COVID-19 pandemic, several partners are reluctant to face-to-face meetings, but the first responses immediately fell because of the notoriety that the organization has made in the country through its actions which are out of the ordinary and which are very visible in terms of impact.

With Right To Play

During the meeting, Muslim Hands Mali requested a framework of collaboration with the organization Right to Play, which should increase the potential for both organizations.

At the end of the meeting, certain points were acquired:

- Establish a framework
- Possibility of mobilization in consortium
- Possibility of supporting our schools in favor of orphans
- Formalization of the collaboration through the signing of a partnership agreement.

RIGHT TO PLAY
PROTECT. EDUCATE. EMPOWER.

With la Fondation Stromme

Avec Rokiatou DEMBELE
Directrice Pays

The meeting made it possible to get to know the Stromme Foundation fundamentally and to know our similarities in the context of the fight against poverty. Therefore, it is already important that we can identify the perspectives in which we can collaborate.

The Foundation said it was available for a win-win collaboration.

With la SNV

SNV

During the meeting, discussions were focused on the possible framework for collaboration between the two organizations in order to put efforts together for more impact in the benefit of the populations. SNV partners have very well received Muslim Hands Mali's approach because for them it is more reassuring when we have the opportunity to get to know the people we work with potentially. For the partners of the day, Muslim Hands Mali is already a partner when it was able to benefit from a project funded by their organization. Indeed, we were able to understand the three areas of intervention of SNV, which are mainly Agriculture, Wash and Energy, but beyond these areas, they have specific projects for which we can also collaborate.

The discussions were focused on the possibilities of collaboration between the two organizations. In the discussions, the requested party, which is the GIZ, greatly appreciated the efforts of Muslim Hands Mali and was interested in areas such as Agriculture, decentralization, the Environment, renewable energies, vocational training and Livelihood.

At the end of the discussions, GIZ wished to receive the strategic plan of Muslim Hands Mali so that it could exchange deeply with its programs to see the current and future possibilities.

LA SOLIDARITÉ
CLIMATIQUE
EN ACTION

The meeting was focused on the possible framework for collaboration between the two organizations, especially in the field of the environment and renewable energies. During the discussions, it turned out to be quite important the need for Muslim Hands Mali to engage in energy in order to effectively fight against poverty because energy remains an imperative tool to improve the activities of the communities. The electricity is no longer be a luxury for the communities but rather an imperative need to improve their living conditions.

**With CARITAS
Mali**

Muslim Hands Mali was thanked by Caritas Mali especially for all these actions carried out in the benefit and for the happiness of the poor communities. The bishops with a view to socially supporting the populations in 1959 created Caritas Mali. Caritas Mali is a member of the Caritas International confederation. Caritas has three key areas, which are emergency, resilience and development. In recent years, it has worked a lot in social cohesion in order to revive living together. Caritas has a strategic plan divided into two programs 2018-2020 and 2021-2023. Beyond the strategic plan, Caritas works on specific projects, particularly in the emergency and the reintegration of street children. Caritas Mali is ready to work with Muslim Hands Mali for the benefit of the Malian population.

With OCHA

OCHA

Muslim Hands Mali during his meeting with Mrs. Amy Martin, head of the OCHA office in Mali. The meeting was focused on the humanitarian actions taken by our organization in harmony with the objectives of OCHA for the benefit of the populations of Mali in general and those of the conflict areas particularly. It was above all a question of strengthening the position of our organization in the frameworks of collaboration through the clusters supported by OCHA in Mali.

MEETING WITH THE MINISTRY OF FOREIGN AFFAIRS

Muslim Hands Mali in order to consolidate its approach to strengthen the relations with the Malian government through the Ministry of Foreign Affairs and International Cooperation, had an audience with the Ambassador Director Asia-Oceania who during the meeting was able to reassure us of his full availability to help and support the development initiatives that we are promoting in Mali. The purpose of this approach is to positioning n Muslim Hands Mali with this strategic department, which is the gateway for potential partners and donors. Through this approach, we will create access to many opportunities from countries on the Asian and Oceania countries' organizations in Mali.

VISIT AT QATAR CHARITY

قطر الخيرية
QATAR CHARITY

In the framework of resource mobilization and for the popularization of the new concept of Muslim Hands Mali "Model Village". The audience enabled us to request partnership and collaboration that will enable the two organizations to have a better impact on the lives of the communities. The partner appreciated the concept and is ready to support the initiatives by putting our efforts together.

The Working Dinner

Muslim Hands Mali organize an event to strengthen its potential and the development of local partnership for the benefit of its resource mobilization activities. During the year 2022, several approaches with partners, with a view to making Muslim Hands Mali better known through the projection of its future visions, in particular the strategic plan. Thus on Saturday August 6, 2022 an event was organized by Muslim Hands Mali at the Hotel de l'Amitié with the representation of the partners for a brief presentation of the updates made on the strategic plan, which now extends to 2025. The dinner recorded the presence of the partners through their representatives; some of them engaged on the spot alongside Muslim Hands Mali, it is Qatar Charity, UNICEF, and Water Aid.

Conclusion

With Our Partners

During the year 2022, we were able to meet exactly nine (9) key partners. It should be remembered that collaboration with these partners remains an essential step in achieving the objectives of the strategic plan of Muslim Hands Mali over the period from 2022 to 2025. Thus for the realization of specific actions for the implementation of the plan, we have issued several letters to mobilize partners alongside Muslim Hands Mali. The mobilization of partners is a prerequisite for the execution of resource mobilization plan.

All the partners met are much more committed to development, which remains a more sustainable approach for the benefit of the populations.

Many achievements have been made at the end of the various meetings. We will make the follow up in order to implement some projects with the above partners.
